Hello,

On behalf of Hamilton Ranch, we would like to make a comment on the upcoming public hearing record number 217-25-000066-PLNG.

Hamilton Ranch is located under the proposed 500 feet flight path. While most of our property is exclusive farm use, the proposed flight path is over is over agricultural land that does have 5 family homes. A low flight path will definitely rattle windows and wake people up. We ask if there are other flight paths through that area that will not affect homes and families, that the aircraft flight path would be adjusted to those alternate paths. Thank you for your consideration.

*Thank you,*
